Dear «Expr2»:

You have moved into a select group of young men and women who are in the final stage of the selection process for an Army ROTC 4-year scholarship. Your next step in the evaluation process is a personal interview with an Army officer. We have asked your guidance counselor to have The President's Challenge Physical Fitness Test administered. You should contact your counselor to coordinate taking the test.

You may choose from The Professor's of Military Science (PMS) at the Universities listed on the reverse where you would like to take this interview. Travel to and from the interview is your responsibility. Contact one of the individuals on the PMS's staff and make an appointment for your interview. If you wish to take your interview at a location not listed in this letter, please contact your Point of Contact (POC) listed below. If you do not appear for the interview, you may be eliminated from further competition.

Your name has also been forwarded to the PMS's at the school(s) you listed for consideration to receive a scholarship. These PMS's may also contact you about your interest in Army ROTC.

The number of scholarships that can be in effect at individual universities are limited. The PMS makes the selection of scholarship winners. It is very important that the schools you listed are the ones that you are applying to for admission. If your choice of schools has changed, you need to notify the Point of Contact (POC) below or e-mail atccps@usacc.army.mil with the changes. If you are awarded a scholarship, it can only be used at the university listed in your notification letter. You may also call 1-800-750-7682, option 5, then option 2. Please note that this is a different toll free number than listed in the paper application. Your POC at this office is «POC», «Phone», «EMail_Address».

The Department of Defense Medical Examination Review Board (DODMERB) will contact you to schedule a medical examination. If you do not hear from them in six weeks, please call 1-800-841-2706 to schedule your physical exam.

We wish you every success in the final selection process.

Sincerely,

«POC»
